PC135 Supreme gaming tool for excellent sound

- Superb stereo sound, familiar headphone look and comfortable lightweight fit for long gaming sessions
- With the unique **3D, 360-degree sound experience**, sound comes at you from all sides including above and below
- **USB adapter with integrated sound card** lets you take your own personal extreme surround sound with you wherever you play

You play hard and need a headset that can keep up. The PC 135 USB gives you true-to-life sound for superior gaming performance. Put it to work at your next serious competition or LAN party. You'll never leave home without it again.

- Adjustable, bendable, pivotable, noise-canceling microphone improves the clarity of your communication, and gives you more comfort and flexibility
- In-line volume control and mic mute switch lets you decide volume intensity and have a side conversation in privacy
- Can be used with CD/DVD/MP3 players and for IP-based communications via a detachable USB adapter that reveals 2 x 3.5 mm plugs
- Adjustable headband for the perfect fit
- Single-sided cable keeps chin and neck free so you can concentrate on your game
- Cable wind-up clip keeps excess cable wire - between headphones and adapter - out of the way when you play
